### Pride Picnic update and volunteers needed!

Things are progressing well for the 2005 Erie Pride Picnic. Our next meeting will be on Sunday, May 15 at 2 PM at the Rotary Pavilion at Presque Isle in Erie PA, which is where the picnic will be. Contact us to find out more about other details.

We really need some volunteers this year for the Pride Picnic on Saturday, June 25 at the Rotary Pavilion at Presque Isle. The picnic itself lasts from 1 to 6 PM, but we will also need a few folks earlier to help with set up, and a few folks later to help with cleanup. (Probably a half hour in either direction.) We will be serving food from 2 to 5 PM and taking the Family Portrait at 4 PM. Tasks that we need help with include keeping soda stocked; kitchen - servicing and setting out food; cooking; and transporting food from the grill to the serving area. We will also need help with staffing the check in table.

**VERY IMPORTANT!** This year we are asking for volunteers to serve 1 hour shifts in the kitchen and at the registration table! If everyone pitches in, then everyone gets to enjoy the day and not be inconvenienced. Please contact Mike Mahler about volunteering. It's also a great way to meet people and make friends.

You can read more about the Pride Picnic at <http://picnic.eriegaynews.com> (it's also linked at [www.eriegaynews.com/pride](http://www.eriegaynews.com/pride)).

We are also encouraging folks to preregister online for the Pride Picnic at [www.eriegaynews.com/pride/register.php](http://www.eriegaynews.com/pride/register.php). You can sign up whenever you like. (We have already had a few folks register.)

We have had someone volunteer to coordinate a Pride Weekend in the fall, but we do not have very many folks to work on that. If you want to help out with that, please get in contact ASAP. If we don't have sufficient staff/organizers, we will skip fall Pride this year.

For more info, contact Michael Mahler at (814) 456-9833 or [info@eriegaynews.com](mailto:info@eriegaynews.com)

## Resource Directory update

Please note that we are updating the GLBT Resource Directory. Currently, [www.eriegaynews.com](http://www.eriegaynews.com) has an online directory of GLBT and GLBT friendly resources. A letter requesting directory updates is going out with this issue to business and organizations currently listed, but we would also like to invite businesses and organizations that do not receive the letter to send their info to us. We are looking for resource name, address, city, state, phone, contact person, email, website and hours/meeting schedule where applicable. Resources can also request that we forward their info to national listings, such as the GAYELLOW Pages.

We are also asking about distribution of copies of the print edition of Erie Gay News. If you are currently carrying print copies of Erie Gay News, or would like to carry them, please let us know the number of copies desired per month.

We will be updating the resource directory online as we get each entry. The Erie Networking Group is also planning on producing a print version of the Resource Directory.

We are asking that resources send in their new/updated info by May 15. Even if there are no changes, we ask that you return your form so that we can be sure that we have current and correct info.

You may either mail the form to 1115 W 7th St, Erie, PA, email [info@eriegaynews.com](mailto:info@eriegaynews.com) or fill out the online form at [www.eriegaynews.com/resaddreq.php](http://www.eriegaynews.com/resaddreq.php)

# Drenched Fur turnout is a “splashing” success!

---

By Gary Snyder, aka Gar-Bear

Well the weekend has come and gone and it's back to life as I once knew it before the fur invasion began. Despite the blasted snowstorm that blanketed Erie and the surrounding areas with lots of thick white stuff that weekend, everyone was able to get home and stay safe, luckily.

Now that time has marched on and we've had the opportunity to get some perspective we're very pleased with the way the weekend went overall. To break it down: 80+ furry boys got wet and attempted to dunk children and drooled over some real 'daddies' at the Splash Lagoon Indoor Water Park. Yeah – the place is BIG and BUSY! Just ask the guys who were there about the fun they had there. From all accounts, no real complaints were filed that we're aware of from either the attendees or the business. (Thanks for behaving boys!) The host bar, Trance Dance Club, had over 150+ big boys that turned my hometown on its ear. LOL. And on behalf of the Trance Dance Club owner Lee and his staff, thanks for being great customers and showing them a great group of guys.

For those of you who missed Kendall's performance at Trance, he's just beginning to ramp up performances all over the nation it seems. Anyone wishing to get info on Kendall can check out his web site at [www.kendallshead.com](http://www.kendallshead.com) and thanks again to the hot Irishman who's the brother I never knew I wanted. Love ya man!

**The committee is regrouping and tabling the option of repeating the event. So, anyone with photos from the weekend, PLEASE feel free to send them to us here at [drenchedfur@hotmail.com](mailto:drenchedfur@hotmail.com) AND IF you have any suggestions, ideas, comments, compliments/complaints – PLEASE feel free to email them to us as well!**

We're *serious* about hearing anything you have to say. If ya wanna bitch – do so! The only way we can work to make things better is to be honest and see what we can do to improve upon the past. Keep in touch and check back every now and then for updates on developments. Until the next event – Hugs and Woofs from the Drenched Fur Committee!

# “Latino Men, HIV and secrets”

By Patty Puline, Michelle Palmer  
Erie County Department of Health  
“See No Evil, Hear No Evil, Speak No Evil”

“*Ojos que no ven, corazon que no siente*” is an expression commonly used in the Latin culture. This reflects the belief that sometimes it is better not to talk about painful things so that you do not upset people who are close to you. Drug use and HIV status are some of the subjects people do not want to speak about. This is one of the reasons that the voices of HIV+ Latino male drug users have remained silent during the epidemic.” *Dr. Lydia Santiago, Dallabrida & Associates, 2002*

Hispanic American Council of Erie, HACE, provides a special HIV initiative project, **Proyecto Latino**. The goals are simple: Provide outreach and offer HIV prevention education to the Latino community, and the LGBT within that culture.

Sarita Rodriguez and Ricky Cruz are the newest workers on the front lines of AIDS prevention and education. Their project “**Proyecto Latino**” is taking it to the streets and keeping it real in the community.

But, barriers exist for outreach workers who try to reach Gay Latino men. Stigma and discrimination from within the culture that exists toward the *machismo* is an embedded and reinforced belief that says if you're an Hispanic man, being gay is not acceptable.

Gay and Lesbians in the Latino community are a taboo subject. It is not talked about within family settings, and is taking place behind closed doors. Issues like Latino men, HIV, and LGBT are usually talked about with someone else who is going through the same thoughts, feelings, or relationships.

Proyecto Latino acts as an advocate for gays to come forward and become facilitators for their friends. It cuts across the old standard of silence, to embrace a cultural acceptance for Latino GLBT within their community. For instance, to start a group to support Latino LGBT, it is important to have a Latino lead that group. To penetrate these barriers, help is needed from within the community, reaching out to the community.

HIV and gay issues should not remain secretive among the Latino community. For many reasons,

Latino men have not been accepted when revealing such information about themselves. They may think that “ojos que no ven corazon que no siente, is better than telling the truth, or fear that the truth may harm family members, friends or the GLBT community.

More importantly, straight HIV+ Latino men have remained silent as well. They have not been encouraged to speak out. The HIV community tends to focus more on HIV in the lives of gay men, women, and African Americans.

Latino outreach workers will attend Gay Pride events, and extend outreach services to Latino LGBT from Proyecto Latino, and will participate in the Gay Pride Picnic, and Gay Pride Rally this year.

How can Gay Latinos reach HACE?

Proyecto Latino

Hispanic American Council of Erie

Proyecto Latino could be a new beginning to bridge the gap between HIV positives, Latinos, and GLBT, and serves to bring new understanding to the Latino community.

## Gay Man Leading GOP Attack on Hillary Clinton

Although the 2006 senatorial elections are more than a year away, New York Republicans have already launched a \$10 million fund-raising campaign aimed at defeating Democratic Sen. Hillary Rodham Clinton, and a gay man is leading the charge.

Arthur Finkelstein, a longtime GOP strategist, is lining up donors for the "Stop Her Now" campaign with the goal of raising funds to defeat Clinton's senatorial re-election and derailing her possible presidential bid in 2008.

While Finkelstein has been leading the charge against Sen. Clinton, who has a good record of supporting gay rights, he has come under criticism himself. In December, Finkelstein and his partner of 40 years were married in Massachusetts where gay marriage is now legal. In addition, Finkelstein told the

*New York Times* that he believes "visitation rights, health care benefits and other human relationship contracts that are taken for granted by all married people should be available to partners," a philosophy contrary to Republican Party doctrine.

Former President Bill Clinton recently called Finkelstein's campaign against the former First Lady "sad."

"I thought one of two things. Either this guy believes his party is not serious and is totally Machiavellian in its position (on gay issues), or as David Brock said in his great book *Blinded by the Right*, there's some sort of self-loathing or something." Clinton was referring to former conservative Brock's statement that when he use to attack the political left, he was expressing his own gay self-hatred.

Finkelstein's supporters called the former Presidents comments "stereotyping" by suggesting that because someone is gay they have to be a Democrat.

## Poll Shows People More Accepting of Gay Athletes

A new poll recently conducted by *NBC/USA Today* shows that a majority of Americans believe there is nothing wrong with openly gay male athletes participating in sports.

The poll, which is published in *Sports Illustrated*, notes that 86 percent of those interviewed agree that it is okay for openly gay men to play sports, but some respondents backed off a bit when asked if such a player would hurt the team.

"It was like, I'm OK with this, but if you press me, I have some doubts," said Doug Schoen, one of the pollsters.

Other poll results were mixed as well. When asked if Americans were more accepting of gay athletes today than they were 20 years ago, 79 percent of those responding said yes. However, 62 percent agreed that the reason there is so little news coverage of gays in sports today is that Americans are not ready to accept gay athletes.

The poll results were also mixed among professional athletes. But Cincinnati Reds slugger Ken Griffey, Jr. said he would have no problem accepting a gay teammate.

"Wouldn't bother me at all. If you can play, you can play," Griffey said.

## Lutheran Church Proposes New Clergy Rules

Gays and lesbians in committed relationships could become pastors in the Evangelical Lutheran Church of America (ECLA) under a new proposal submitted by the Church Council after its recent meeting in Chicago.

Currently the ECLA only expects gay pastors who are celibate for life. Gay pastors who have sexual relationships face disciplinary action.

Under the proposed policy change however, the bishop of an ECLA synod could obtain an exception for a gay clergy candidate, provided the candidate presents "evidence of intent to live in a life-long, committed and faithful same-sex relationship."

Carlos Pena, ECLA vice president and chairman of the Church Council, told the *Chicago Tribune*, "I think it's a good reflection of where we are as a church."

"We need to create some opportunity for candidates who are living in a committed relationship to be ordained," Pena added.

But one gay pastor sees the church's move differently. Rev. Jeff R. Johnson, the openly gay pastor of University Lutheran Chapel in Berkeley, CA, said the proposed process puts obstacles in the way of Lutheran gays and lesbians.

"I'm against the proposed rule because it creates unnecessary obstacles," Johnson said. "What the church should do is remove the discrimination. What the church has done is created a policy of exception making gay and lesbians jump through more hoops than straight people if they want to be ordained."

## Civil Unions Bill Passes Connecticut Senate

The Connecticut Senate has passed a civil union bill that would make Connecticut the first state in the nation to voluntarily adopt such a law. The bill was approved by a 27-9 margin.

If the bill wins approval in the Connecticut House, it will be up to Republican Gov. M. Jodi Rell whether or not to sign the bill into law. Rell supported failed GOP amendments that would have codified marriage as between a man and a woman. However, she has not taken a stand on the bill itself. According to the Associated Press (AP) Rell has said she supports the concept of civil unions.

If signed into law, the bill would permit same-sex couples to inherit each other's wealth, make life-or-death health decisions and remain together in nursing homes. The law is modeled after a 1999 statute in Vermont, which was passed after a court order demanded equal rights for same-sex couples.

Democratic State Sen. Andrew McDonald, a gay man who is co-chairman of the Judiciary Committee, told the *Connecticut Post* that the bill was inspired in part by a gay couple who lived together for 35 years. When one died, the survivor had to pay \$90,000 in state succession taxes, something that would have been waived for a married couple.

### Canadians Split on Same Sex Marriage

As the Canadian Parliament gets ready to vote on same-sex marriage legislation, the general public is still split on the issue, according to a new poll conducted for the Canadian Broadcasting Corporation (CBC).

The poll revealed that 44 percent of Canadians support the country's plans to allow same-sex couples to marry, while 52 percent oppose it. The result comes as Parliament prepares to vote on an amendment that would destroy the planned legislation.

Canada's Conservative party wants the bill downgraded, with full marriage open only to heterosexual couples. However, the governing Liberal party wants to push forward and allow gay marriage to take place. Same-sex couples can already marry in certain Canadian provinces, including Ontario and Quebec, after courts ruled it was illegal to bar them.

If the bill is passed into law, Canada would become the third country to allow full marriage rights to same-sex couples. The Netherlands and Belgium already do so, and the government of Spain planning to do so before the end of the year.

If you haven't ever visited Canada, or if it's been a long time since you have done so, let me just say that on a recent visit I discovered that the border crossing really feels like an international border now. I guess it has to do with the so-called war on terror, and it is really sad to see "the longest unguarded border in the world" turn into something else. At any rate, you needn't let that keep you from enjoying a trip to Toronto or elsewhere, but just keep in mind it's not like driving into the next state. You *will* need appropriate border-crossing ID or you will probably be turned back; make sure all passengers on the trip have this. You may be questioned, you may be asked to get out of your vehicle, and they may have a dog come by to sniff at your belongings. No big deal if you aren't bringing drugs or weapons into their country, but just be prepared. And when they ask where you are going, I think it's fine to tell them if you are going to a GLBT event... they'd have to be pretty much used to all the Americans coming through there on the way to gay events.

President Bush is questioning the proposal to require US citizens to have a passport to be able to return to their own country from Canada, Mexico and other US neighbors. The proposal was made by the State and Homeland Security departments. Bush tells about how he learned about this move: "When I first read that in the newspaper about the need to have passports, particularly today's crossings that take place, about a million for instance in the state of Texas, I said, 'What's going on here?'" Exactly my thought, what *is* going on here? Excuse me, but is this how the president should have heard about such a serious, major policy change—by reading about it in the freakin' newspaper? Could these people be any more out of control?

Anyway, for the time being, appropriate border crossing ID remains the same: government-issued ID (driver's license or state ID) and proof of citizenship (birth certificate is a good choice here).

I hope that everyone is having a great month! Things have been rather busy here.

I am very glad that the Erie Gay/Straight Alliance got as many responses as we did for our first try. You can see the results and some background info in this issue. Please note: we are not endorsing any candidates. We are just trying to help you make an informed decision. Don't forget to vote on Tuesday, May 17! It is really quick to do, and you get to feel smug the rest of the day for having done your civic duty.

Speaking of May 17, kudos to Shout Outreach and Trance for having a night of free and confidential HIV screening. Please note: they are using the Orasure test, so no need to worry about needles or having blood drawn. It's a very simple, totally painless procedure, and you come back for the results in 2 weeks.

We should shortly have the Pride Guides from Interpride. Some of you may have seen these last year. They were printed on glossy stock and had info about Pride observances from across the globe.

Apparently being a glutton for punishment, I have been also been helping a bit with planning the first Erie Pagan Pride Day, which will be on Saturday, September 10 at St. Nick's Grove.

2 amusing anecdotes: One of the guys involved, Rich, is a welder and also a bodybuilder. He had previously referred to a wife. Have you ever walked mid-way into a conversation? At one point, TJ pointed to Rich and said, "Bottom." "Oh?!", I thought, my interest piqued (although I was puzzled as I was pretty sure that he was straight.) "Yeah, and Jeremy as Puck!" TJ continued. "Ah!", I thought, "We may both be speaking English, but we ain't talking the same language."

Rick was also our primary contact with securing the site. I think he was worried that when talking with the clergy member that was the representative for the site, that there might be some resistance if he knew it was for a Pagan group. But we figured that it would likely come out anyway, so better to be upfront. So, Rich came out of the broom closet (a phrase Pagans tend to use), and things were fine. Just like with GLBT folks, most of the time being direct and honest in dealing with people means less stress and more respect for all concerned.

## Erie County Executive

*Not responding: Thomas P Loftus (D), Art Oligeri (R)*

*1. Please describe your interaction with the Lesbian/Gay/Bisexual/Transgender community. If elected how would you support and participate in LGBT based events and organizations?*

Mark A Divecchio (D): Would support events.

Dale R McBrier (R): Other than friends, I have no relationships to date with any organization.

*2. Do you support the appointment of competent LGBT people to the staff of public officials?*

Mark A Divecchio (D): Yes.

Dale R McBrier (R): If they are qualified and the best candidate possible then I see no distinction based upon sexual preference.

*3. Will your office human relations policy prohibit discrimination on the basis of sexual orientation and gender identity?*

Mark A Divecchio (D): Yes!

Dale R McBrier (R): Yes!

*4. What steps will you take to provide legal protection for same sex couples and their families?*

Mark A Divecchio (D): Have taken steps through the Human Relations Commission.

Dale R McBrier (R): The same afforded all citizens under the Constitution!

*5. What would you do to support safe schools that are free of harassment and violence against sexual minority youth?*

Mark A Divecchio (D): County has Sheriff Deputies and Probation Officers -- need to train them on specific non-discrimination practices

Dale R McBrier (R): I support any education program designed to teach young people the value and appreciation of *all* our people.

*6. How would you support aggressive investigation, prosecution and punishment of crimes committed against people because of their perceived or actual sexual orientation or gender identity? What would you do to encourage strong tracking and reporting of hate crimes?*

Mark A Divecchio (D): Hate crimes should be treated with same respect as any other crime.

Dale R McBrier (R): I support strong tracking and reporting of hate crimes. Hate crimes are infective and need to be addressed aggressively. Discrimination of all kinds needs to be fought! I support the first sentence - simply said, I will work to ensure that all forms of sexual discrimination disappear from our culture.

*7. How will you support the rights of transgender people and protect their right to legally change gender status, ex. driver's license, passport?*

*(continued on next page)*

Mark A Divecchio (D): Justice serves the Human Relations Commission.

Dale R McBrier (R): It should be their choice.

8. *Do you support the rights of LGBT people to the following:*

- A. *Legal recognition of gay relationships?*
- B. *Second-parent adoption?*
- C. *Protection from workplace discrimination?*
- D. *Health/insurance benefits for the partners of GLBT city/municipal employees.*

Mark A Divecchio (D): a. yes, b. yes if all parties are agreed, c. absolutely, d. only if union is legalized.

Dale R McBrier (R): A) Yes, but there needs to be a legally binding relationship. B) Yes, based on stable household standards. C) Yes. D) Yes - with legally binding relationships.

## Erie County Council District 2

***Not responding: Joe Giles (D)***

1. *Please describe your interaction with the Lesbian/Gay/Bisexual/Transgender community. If elected how would you support and participate in LGBT based events and organizations?*

Vicki L Taylor (R): I have several close gay friends, co-workers and associates. I pledge that as a county council person I would attend appropriate events to help draw attention to their many legitimate concerns.

2. *Do you support the appointment of competent LGBT people to the staff of public officials?*

Vicki L Taylor (R): Yes. Absolutely. What is important is the competence of a staff member and not his or her sexual preference. I am opposed to discrimination in all forms.

3. *Will your office human relations policy prohibit discrimination on the basis of sexual orientation and gender identity?*

Vicki L Taylor (R): Yes.

4. *What steps will you take to provide legal protection for same sex couples and their families?*

Vicki L Taylor (R): County council has limited power to aid in this effort, however, I will support and fund enforcement of anti-discrimination laws and hate crime provisions of state law.

5. ***What would you do to support safe schools that are free of harassment and violence against sexual minority youth?***

Vicki L Taylor (R): This subject matter is outside the jurisdiction of County Council. I would work to see that the District Attorney has the funding and support for prosecution of perpetrators.

6. *How would you support aggressive investigation, prosecution and punishment of crimes committed against people because of their perceived or actual sexual orientation or gender identity? What would you do to encourage strong tracking and reporting of hate crimes?*

Vicki L Taylor (R): I will work to make sure that the District Attorney's office has the funds to enforce hate crime laws and prosecute perpetrators. I am not knowledgeable at this time on what can be done to track and report hate crimes. I will look to your organization and other similar organizations for information.

7. *How will you support the rights of transgender people and protect their right to legally change gender status, ex. driver's license, passport?*

Vicki L Taylor (R): This issue also appears to be outside the jurisdiction of county council. However, I am opposed to all forms of discrimination. I will maintain an open door to all Erie groups concerned about discrimination and if there is something that County Council can do I will work with those groups to get it done.

8. *Do you support the rights of LGBT people to the following:*

- A. *Legal recognition of gay relationships?*
- B. *Second-parent adoption?*
- C. *Protection from workplace discrimination?*
- D. *Health/insurance benefits for the partners of GLBT city/municipal employees.*

# Voter's Guide - Erie County

Vicki L Taylor (R): This is dependent upon the availability of funding sources and status of labor negotiations. I am not aware of the costs involved and would have to study this issue thoroughly before taking a public position.

## Erie County Council District 4

**Not responding:** Dale DeCecco (D), William D Buseck (R)

*1. Please describe your interaction with the Lesbian/Gay/Bisexual/Transgender community. If elected how would you support and participate in LGBT based events and organizations?*

Gary P Zielonis (D): I have not had any interaction in the past. I would be willing to meet anyone and discuss issues of concern to the group. I am not closed-minded on social issues regarding the LGBT community and would entertain any education offered.

Ronald Whitey Cleaver (D): Won't participate – Would consider support based on the event.

*2. Do you support the appointment of competent LGBT people to the staff of public officials?*

Gary P Zielonis (D): I support the appointment of competent people, period. The fact that they were LGBT would not be a deciding factor either way.

Ronald Whitey Cleaver (D): Yes (Cleaver underlined the word "competent" in the question)

*3. Will your office human relations policy prohibit discrimination on the basis of sexual orientation and gender identity?*

Gary P Zielonis (D): My "office" would not directly hire anyone. My policy could only be that of County government in general. I do not favor discrimination of any kind, race, creed, sexual orientation, gender identity, etc.

Ronald Whitey Cleaver (D): Doesn't fall under the office I am running for.

*4. What steps will you take to provide legal protection for same sex couples and their families?*

Gary P Zielonis (D): County government in Pennsylvania does not control this subject area. I would encourage the state legislature to provide legal protections.

Ronald Whitey Cleaver (D): Whatever the law provides

*5. What would you do to support safe schools that are free of harassment and violence against sexual minority youth?*

Gary P Zielonis (D): I believe the Erie School District and Millcreek School District already provide a safe environment. Each has policies in place. If these policies prove not to be strong enough to protect sexual minority youth, I would encourage the respective Boards to strengthen their policies. I do not have any info on the Iroquois School District (Wesleyville Section of District 4.)

Ronald Whitey Cleaver (D): I would support the dists No Harassment and No Violence Policy

*6. How would you support aggressive investigation, prosecution and punishment of crimes committed against people because of their perceived or actual sexual orientation or gender identity? What would you do to encourage strong tracking and reporting of hate crimes?*

Gary P Zielonis (D): I believe all crimes should be investigated, prosecuted, and punished. The District Attorney, as an independently elected official, has control of prosecution, and judges determine punishment based on court proceedings. The appropriate police jurisdiction controls investigation. I could only urge them to do their sworn duties. Tracking would probably need state legislative action.

Ronald Whitey Cleaver (D): I support aggressive investigations in all crimes. I wouldn't rate them on a scale of 1-10.

*7. How will you support the rights of transgender people and protect their right to legally change gender status, ex. driver's license, passport?*

Gary P Zielonis (D): This is not a County function. Again, I would encourage the State and Federal legislators to provide such protections.

# Voter's Guide - Erie County

Ronald Whitey Cleaver (D): If the law allows it fine, I'll support it. The position I am running for has very little import for most of these questions.

**8. Do you support the rights of LGBT people to the following:**

- A. *Legal recognition of gay relationships?*
- B. *Second-parent adoption?*
- C. *Protection from workplace discrimination?*
- D. *Health/insurance benefits for the partners of GLBT city/municipal employees.*

Gary P Zielonis (D): A) Yes - as civil unions. B) Yes - I know the men involved in the Erie County Court case. C) Yes. D) Yes, but only in context of civil unions. If there is a small group political discussion venue, I would be willing to listen to any inputs and share my view in more detail.

Ronald Whitey Cleaver (D): C) I support 100%. A B D There are many unanswered questions concerning these 3. Before I could support or not support AB & D I would certainly need additional information then just a questionnaire.

*Not responding: Michael Leyda (D), William McLellan (D), David E Mitchell (R)*

## Erie City Mayor

*Not responding: Joe Sinnott (D), Barry Grossman (D), Tim Zarnick (R), Jack Anderson (R)*

**1. Please describe your interaction with the Lesbian/Gay/Bisexual/Transgender community. If elected how would you support and participate in LGBT based events and organizations?**

Tim Pearson (D): No interaction so far. I would support like any other event or organization.

Linda Bebko-Jones (D): My interaction with the Lesbian / Gay / Bisexual / Transgender community has been the same as with any other group in the community. As Mayor my participation in GLBT events would remain the same, i.e., I would continue

to make every effort to attend any events as my schedule permits.

Mary Elaine Taylor (D): I visited The Zone just before Saint Patrick's Day in hope to solicit help with my campaign for Mayor of the City of Erie. I was treated very well and as always by the folks, and by those in attendance that night and given literature before my departure.

I have always had and have Lesbian, Gay and Transgender friends. They do so enhance my life and are true and loyal friends after all these years. I would love to have the lesbian, gay, transgender participation and help in this election. I know of the intelligent, competent, organizational and communicative skills this strong community does have. I love the exhibit of fashion and color skills displayed during social events.

Rick Filippi (D): I believe all people are part of our Erie community. I have always operated city hall in an inclusive manner. On a personal level, I have friends and associates from all walks of life, including the gay community. As your Mayor I have participated in LGBT events and would continue to do so.

**2. Do you support the appointment of competent LGBT people to the staff of public officials?**

Tim Pearson (D): Competent people period  
Linda Bebko-Jones (D): A person's sexual orientation and/or gender identity would never be a part of my decision on hiring, qualifications will always be the deciding factor.

Mary Elaine Taylor (D): If I were elected Mayor, I would employ LGBT in order to provide safe schools, free of harassment and prohibit discrimination and violence. I would encourage LGBT as part of my staff because of their strong tracking and reporting commitment to aggressive investigative skills.

Rick Filippi (D): Not only do I support the appointment of competent LGBT people, I have appointed such to the highest levels of my staff.

**3. Will your office human relations policy prohibit discrimination on the basis of sexual orientation and gender identity?**

---

# Voter's Guide - Erie County

---

Tim Pearson (D): If there is no policy in place I will have one written.

Linda Bebko-Jones (D): Definitely just as it will prohibit discrimination based on race, religion, gender or ethnic background.

Mary Elaine Taylor (D): See #2.

Rick Filippi (D): Yes, we currently prohibit discrimination based on sexual discrimination and will continue to do so.

#### *4. What steps will you take to provide legal protection for same sex couples and their families?*

Tim Pearson (D): Whatever Pennsylvania law provides. My influence would be in terms of benefits.

Linda Bebko-Jones (D): As a State Legislator I have supported and fought for legislation that would provide legal protection for same sex couples and I will continue to do so.

Mary Elaine Taylor (D): Ultimate goal, the right to choose; sexual orientation, and their families, and rights to employment status. My goal is to provide legal protection for LGBT, AND ALL HUMAN BEINGS. Gender Id's such as driver's license, passports are legal recognition needed for health/insurance, employment and second-parent adoptions, among other things.

Rick Filippi (D): As Mayor, the best way I can work to provide protection for same sex couples is to work through the Commonwealth. In particular, as a member of the PA League of Cities, I believe we can take a proactive role in lobbying for legislation that will provide the kind of protection that you deserve.

#### *5. What would you do to support safe schools that are free of harassment and violence against sexual minority youth?*

Tim Pearson (D): I have always supported safe schools. There are policies in place now to protect students.

Linda Bebko-Jones (D): The best way to prevent such harassment and violence is to insure that such behavior is punishable. While education on the issue can be helpful for some, the threat of punishment is the only real deterrent.

Mary Elaine Taylor (D): I would employ LGBT in order to provide safe schools, free of harassment and prohibit discrimination and violence.

Rick Filippi (D): Unlike some other cities in the Commonwealth the Mayor does not have oversight of the Erie school system. I do however believe that as Mayor I can call for change from our local school board and directors. Additionally, as I indicated above, I believe that lobbying Harrisburg for fundamental change and laws is critical.

#### *6. How would you support aggressive investigation, prosecution and punishment of crimes committed against people because of their perceived or actual sexual orientation or gender identity? What would you do to encourage strong tracking and reporting of hate crimes?*

Tim Pearson (D): All crimes should be investigated, prosecuted, and punished. My influence would only be with the investigation side.

Linda Bebko-Jones (D): First let me make it clear that such crimes are indeed "hate crimes" and need to be treated as such. I have always supported the strong tracking and reporting of hate crimes and continue to support it.

Mary Elaine Taylor (D): See #2

Rick Filippi (D): Hate crimes are intolerable and unacceptable. I am very proud that violent crime is down by 30% since I took office in 2002. One of the reasons I appointed Erby Conley as Public Safety Director was because of his commitment to diversity in the police and fire departments, his commitment to diversity training with the men and women already in place and because of his experience with the State Police where many of these types of tracking systems are in place. We will continue to work to train and diversify our public safety offices and to monitor and track hate crimes.

#### *7. How will you support the rights of transgender people and protect their right to legally change gender status, ex. driver's license, passport?*

Tim Pearson (D): I would not have any influence as mayor on these issues.

*(continued on next page)*

# Voter's Guide - Erie County

Linda Bebko-Jones (D): I have supported legislation to provide these protections in the past and will continue to do so.

Mary Elaine Taylor (D): See #4.

Rick Filippi (D): Again, as Mayor the best way I can help is to continue to lobby on a state and federal basis.

8. *Do you support the rights of LGBT people to the following:*

- A. *Legal recognition of gay relationships?*
- B. *Second-parent adoption?*
- C. *Protection from workplace discrimination?*
- D. *Health/insurance benefits for the partners of GLBT city/municipal employees.*

Tim Pearson (D): A) No B) Yes C) Yes D) No

Linda Bebko-Jones (D): A) Gay relationships should be afforded the same legal rights as heterosexual relationships. B) The criteria for adoption should always be the willingness and ability to care and love for a child and not sexual orientation. C) All workers should be protected from workplace discrimination regardless of their sexual orientation or gender identity. D) If a city or municipality offers health insurance to heterosexual couples who are not mar-

ried then the same benefits should be offered to gay and lesbian couples.

Mary Elaine Taylor (D): See #4.

Rick Filippi (D): A) Absolutely B) Yes C) Yes D) Yes. Thank you for this opportunity to speak to your community about issues of importance. I would welcome the opportunity to meet with your committee or to speak at any of your functions. Again, thank you for taking an active role in our political process.

**Michael Benedict (D):** I will not tolerate discrimination of any kind.

**James N Thompson (D):** Yes.

**Rubye Jenkins-Husband (D):** I support the office of Human Relations.

**Michael Benedict (D):** In our last labor contract, we (UE) negotiated with my employer (GE) for full benefits and rights for domestic partners. I believe this is something that City Hall should also extend to its employees.

**James N Thompson (D):** Difficult to answer because office has nothing to do with those decisions.

**5. What would you do to support safe schools that are free of harassment and violence against sexual minority youth?**

**Rubye Jenkins-Husband (D):** To support the programs such as Human Relations that will protect the rights of all people.

**Michael Benedict (D):** Kids can be mean. When someone finds a way to stop harassment and violence in children and young adults, they will probably win a Nobel Peace Prize. In the meanwhile, I think we all need to lead by example and hopefully children will learn from what they see us doing.

**6. How would you support aggressive investigation, prosecution and punishment of crimes committed against people because of their perceived or actual sexual orientation or gender identity? What would you do to encourage strong tracking and reporting of hate crimes?**

**Rubye Jenkins-Husband (D):** To have our state and federal laws protect the rights of all our citizens.

**Michael Benedict (D):** I would ask the district attorney if there is any help I could provide for the investigation. I would also consult the GLBT community on how I could support their needs. Basically, I would help in any way that I could.

**James N Thompson (D):** Political office has no jurisdiction -- would encourage.

**7. How will you support the rights of transgender people and protect their right to legally change gender status, ex. driver's license, passport?**

**Rubye Jenkins-Husband (D):** Review of our current state and federal laws.

## Millcreek Township Supervisor

1. *Please describe your interaction with the Lesbian/Gay/Bisexual/Transgender community. If elected how would you support and participate in LGBT based events and organizations?*

Brian McGrath (D): I am not aware of Millcreek ever being requested for support from the LGBT community. The township has been supportive of the Erie County HRC and has provided funding for its work.

Joy Greco (R): I know a number of persons of the LGBT community and have always been supportive in whatever way I can be. I have attended the summer picnics, a couple of rallies, and am always available by phone or email to hear your concerns.

2. *Do you support the appointment of competent LGBT people to the staff of public officials?*

Brian McGrath (D): I support the appointment of competent people to our staff, regardless of sexual orientation.

Joy Greco (R): Yes, I support the appointment of *any* competent, qualified people to these positions regardless of orientation or any other factor. The key words are "competent" and "qualified."

3. *Will your office human relations policy prohibit discrimination on the basis of sexual orientation and gender identity?*

Brian McGrath (D): Absolutely.

Joy Greco (R): I single-handedly caused the rewrite of the Erie County Human Relations Commission policy to include the words "sexual orientation s a protected class. I was also responsible through communication and mediation for getting sufficient Council votes to override any possible veto by the County Executive, who was opposed to the inclusion.

4. *What steps will you take to provide legal protection for same sex couples and their families?*

Brian McGrath (D): As is the case with all Constitutional or legislative rights, Millcreek law enforcement will protect those rights.

Joy Greco (R): This is under the jurisdiction of the federal and state governments, but I would uphold

any such legislation you are able to get through these government bodies. Everything takes time (women couldn't even vote when the Constitution was written), but keep fighting for your cause and you will eventually prevail.

5. *What would you do to support safe schools that are free of harassment and violence against sexual minority youth?*

Brian McGrath (D): I am not involved with school district policy, except as the answer to the previous question applies.

Joy Greco (R): Any type of harassment toward any individual, teacher, administrators or anyone else should be dealt with immediately and strongly by the school administrators and boards. They should have a policy in place to punish the harassers. This should apply to society in general, not just in schools.

6. *How would you support aggressive investigation, prosecution and punishment of crimes committed against people because of their perceived or actual sexual orientation or gender identity? What would you do to encourage strong tracking and reporting of hate crimes?*

Brian McGrath (D): Hate crimes disgust me. I would make certain that our police force aggressively investigate such crimes. I would work with state legislators to provide a statewide system for reporting and tracking hate crimes.

Joy Greco (R): This is a matter for law enforcement and the courts. However, I wholeheartedly support pursuing, investigating and prosecuting wrongdoers to the fullest extent of the law. If legislation needs to be stronger, then you should pursue those changes, and I will uphold the laws.

7. *How will you support the rights of transgender people and protect their right to legally change gender status, ex. driver's license, passport?*

Brian McGrath (D): See #4.

Joy Greco (R): I believe some people have inner feelings that a metamorphosis of their gender is the road to happiness and self esteem. Medical science can make this occur and, of course, they then have

---

---

all the rights to change their driver's licenses, passports, bank records, deeds or whatever. Americans should learn to have compassion, civility and understanding toward all.

8. *Do you support the rights of LGBT people to the following:*

- A. *Legal recognition of gay relationships?*
- B. *Second-parent adoption?*
- C. *Protection from workplace discrimination?*
- D. *Health/insurance benefits for the partners of GLBT city/municipal employees.*

Brian McGrath (D): See #4. Local municipalities are responsible for helping to enforce such legislated rights, not to provide that legislation.

Joy Greco (R): A) Yes. B) Yes. C) Yes. D) Once there is legal recognition of gay relationships (see A above) I believe that this is a natural progression to allow benefits.

Final Comment: I can't promise anyone that I will agree with them on every single issue, but I promise to give every issue a fair hearing. I work for all the taxpayers and believe my main task in the County Council job I've held for the past 14 years and in the Supervisor job I am seeking is to be a "guardian" of the tax dollars, yours and mine. I respectfully ask for your endorsement and votes.

## Thanks

The Erie Gay/Straight Alliance would like to thank all of the candidates who responded to this questionnaire, and informing our community on where they stand on issues affecting us. We also thank Parris Hobbs and Bob for creating/editing the questionnaire, Tara and Heather for follow up phone calls and taking/transcribing responses and to Parris and Dave for voter registration volunteer efforts.

## Additional information

Many of the candidates listed here have not held office before and some of the current/previous office holders may not have voted on GLBT-related legislation. However, Erie County passed a GLBT-inclusive Human Rights Ordinance in 2002 after a rather lengthy process. County Councilmember Mark Divecchio was an early champion of including equal protection under the law on the basis of sexual orientation and gender identity. County Council member Joe Giles also helped play a pivotal role.

On September 10, 2001, it appeared the board of the Human Relations Commission might withdraw the GLBT related language in the proposed ordinance, and Giles showed up at the meeting and encouraged them to include it and let County Council decide. At a County Council meeting on January 8, 2002, County Council members Joy Greco and Fiore Leone announced their intention to vote for the ordinance, which made clear that there was then a majority of votes on County Council in favor of the inclusive ordinance. Greco, Divecchio and Giles were all helpful behind the scenes, and in keeping our community informed.

The only County Council member to vote against the ordinance, David Mitchell, immediately asked County Executive Rick Schenker not to veto the legislation. (Schenker had long been opposed to including protections on the basis of sexual orientation and gender identity.)

When County Executive Rick Schenker effectively tried to kill the HRC by defunding it, Erie City Council unanimously passed a resolution supporting continued funding on October 15, 2003. Councilmember Ian Murray said basically that this was a no-brainer and council should vote 7-0 and that he was behind it 100%. Councilmember Rubye Jenkins-Husband enthusiastically commented that she supported the resolution "200%" Also voting in favor were Jim Thompson and Jim Casey.

When County Council voted on funding the HRC, all council members (including Divecchio, Giles, Mitchell and Greco) voted in favor.
